

House Resolution No. 3075

Whereas, the State of Missouri prides itself on being a family-friendly community and being committed to youth baseball and softball; and

Whereas, youth baseball and softball bring big-league magic to many of our county's children through team competition which builds not only sports skills but also self esteem and leadership skills; and

Whereas, the City of Dexter has accepted the generous donation of a new electronic scoreboard through a partnership between County Wide Insurance and Real Estate Agency and the insurance and investment company Safeco for the Dexter Babe Ruth Sports Complex in Dexter; and

Whereas, Safeco, partnering with its independent agents and advisors, through their Strengthening America's Neighborhoods program, will donate more than \$1.5 million to install electronic scoreboards at youth baseball fields across the country; and

Whereas, the new scoreboard will lend excitement to the game, will provide years of pleasure to Dexter residents, and will demonstrate to youth that what is important to them is also important to the community:

Now, therefore, be it resolved that we, the members of the Missouri House of Representatives, Ninety-second General Assembly, unanimously join in extending our most hearty and robust congratulations to all those dedicated individuals affiliated with the donation of the new scoreboard for the Dexter Babe Ruth Sports Complex in Dexter; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Dexter Babe Ruth Sports Complex.

Offered by _____
Representative Rob Mayer
District No. 159

I, Catherine L. Hanaway, Speaker of the House of Representatives, Ninety-second General Assembly, Second Regular Session, do certify that the above is a true and correct copy of House Resolution No. 3075, adopted May 14, 2004.

, 2004.

Catherine L. Hanaway, Speaker
